

# Grand Jury Checks County Grand Jury Blasts Sheriff and D.A. for Gambling in County

In addition to blasting gambling in the county the Grand Jury made the following points:

1.—Need for a new County Hospital building and removal of the hospital's fire hazard. Main buildings of the hospital are described as "totally inadequate in capacity and facilities, which for economic reasons may require long-range solution." Noting that the Public Buildings and County Property Committee had mentioned the fire hazard, the Grand Jury report called the principal building "a fire-trap of the worst sort" and warned:

"Continued use of this building will lead to a disastrous holocaust which will hit every headline in the country. Quick evacuation of patients in case of fire is impossible." Immediate steps to provide a new building were urged.

2.—Suggestion that a survey "might reveal methods for lessening the heavy load" of patients admitted to the County Hospital under the supervision of the County Welfare Department.

3.—Rising costs of social welfare were deplored.

4.—County School Superintendent B. O. Wilson's quarters were

described as "antiquated and insufficient."

5.—Work of school departments was praised.

6.—Recommendation that future Grand Juries be furnished with funds to investigate reports of violations of law. The Board of Supervisors was criticized for denying funds for this purpose in the past.

7.—Recommendation that the sheriff's office automotive equipment be owned and controlled by the county instead of the present arrangement whereby the sheriff owns the car pool and rents it, on a mileage basis, to the county.

Regarding the rising costs of social welfare, the Grand Jury stated that cash payments to applicants are "to the liking of the saloon keeper, slot machine operators and race horse bookies" and accused welfare workers of being interested "in seeing that those who qualify get every possible grant without thought of the ability of the giver to continue to provide."

After it had turned in its extensive report last week the Grand Jury was discharged. Chairman of the Grand Jury was George J. Johnston, insurance man of El Cerrito.

Charging widespread gambling throughout Contra Costa County and blasting Sheriff James N. Long and District Attorney Francis W. Collins for failure to crack down on it, the Grand Jury report continued to sizzle this week.

Following considerable study and preparation, the final report, held back several weeks to prevent its being used in the recent primary election campaigns, declared:

"Gambling and its associated vices are found generally throughout the county, and apparently little or no effort is being made to curb these activities, either from the standpoint of policing or obtaining convictions after arrests are made."

The annual report, filed June 29 with Superior Judge Homer W. Patterson in Martinez, stated that "in fairness to both the district attorney and sheriff, we wish to point out that no evidence was developed that indicated these activities are given protection; on the contrary, it appears to be primarily a lack of interest on their part in the problem or, possibly from a political standpoint, fear of antagonizing officials and other influential people of the communities where these are involved."

## PUBLIC 'GENERALLY APATHETIC'

The Grand Jury also criticized the public for being "generally apathetic" on these matters.

The sheriff's and the district attorney's claims that they are reluctant to combat violations in cities unless specifically requested to do so by local authorities and that they do not have adequate staffs to combat gambling in unincorporated areas "are not logical," the Grand Jury report said.

## COUNTYWIDE JURISDICTION

"Both officials are elected by the county electorate," the report stressed, "and both have jurisdiction within the entire county. Both have taken an oath to carry out the responsibilities of their offices, and know what these responsibilities are."

"It is a well-known fact," the Grand Jury emphasized, "that practically all forms of gambling and the vices associated with it may be found in the county (meaning the unincorporated sections) as well as in many of the incorporated communities within the county."

"Further, no serious attempt is being made toward its abatement."

"Of interest," according to the report, will be the effect the July 15 statewide slot machine ban will have on anti-gambling enforcement in Contra Costa County — since Sheriff Long had contended that absence of a statewide ban made enforcement of the county ban practically impossible.

## NO EASTERN INTERESTS, SAYS SHERIFF

According to the report, the sheriff assured the jurors that eastern gambling interests are not operating in the county and would not be allowed to enter the county.

But the Grand Jury, in condemning the reasons given by Long and Collins for not cracking down on gambling, pointed out that "one situation is as serious as another from the standpoint of breaking down law enforcement."

Recourse to Attorney General Fred N. Howser's office was "out of the question," the report stated. The Grand Jury explained that "reliable sources" had informed it that "under the circumstances, such a request would receive little or no consideration." (See story on attorney general, this page.)

Because of what it described as the "generally apathetic" attitude of the public, the Grand Jury said it had no pertinent information or aid from the public — "who should have been most concerned."

## COUNTY JAIL OPERATION PRAISED

With its sharp criticism, the Grand Jury remarked that the district attorney's office apparently interests itself in incorporated areas "when flagrant violations are reported from outside sources," and it praised the sheriff's administration of the county jail, prison farm and radio patrol.

Written May 17, the report was not released until the Grand Jury had completed its period of duty, in an admitted effort to prevent use of the report in the election campaign. Both Long and Collins were re-elected in the June 6 primaries to four-year terms.

## Assessments for LID 14 Finally O.K.'d; Plan New District in Moraga-Glorietta

Assessments as amended on Local Improvement District No. 14, south of Orinda Crossroads were confirmed by board members of Central Contra Costa Sanitary District at last week's session.

Confirmation of assessments levied to pay sewer installation costs in the local improvement district came only after a series of hearings concerning the equity of charges. Revision of the assessment rolls for the 629 properties in the affected area resulted in a final satisfactory solution.

Assessments were also confirmed on L.I.D. No. 8, the east Walnut Creek area, with 28 revisions made out of the 1,040 comprising the district.

**NEW DISTRICT**  
The resolution to establish a new local improvement district, No. 21, in the Moraga-Glorietta area, was adopted at this session. Hearing time has been set for July 20 for the estimated \$131,594 job.

Assessments for sewerage installation work in L.I.D. No. 3, Lafayette area, which were payable at the Walnut Creek branch of American Trust Company until July 1, are now payable only at the Sanitary District office.

**INTEREST DUE**  
If assessment payments were not made on or before July 1, interest from June 26 must be paid in addition to the original amount of the charge.

Hearing on the modification of resolution to conform to easement locations as finally agreed upon by the Sanitary District and Orinda Country Club will be held next Thursday, 8 p.m., at the district office.

**Stewart, Son Rough It In Hills Near Tahoe**  
Edgar Stewart and his 10-year-old son, Jim, are roughing it in the hills above Lake Tahoe this week, with Bud Pond and his 11-year-old son, Mike. They expect to be joined tomorrow by Bud Daily and his 12-year-old daughter.

Stewart and his son met the Ponds at Tahoe, where the group "packed in" on horseback to the area beyond.

## Designing of New Orinda Fire House Started; Future Expansion Is Planned

Preliminary plans for the new Orinda firehouse, to be erected at the corner of Orchard Road and Moraga Highway, to the east of the Crossroads, were begun this week by Architect Jack Buchter.

Buchter was assigned by the Board of Fire Commissioners of the Orinda Fire District last Saturday to draw up plans for the structure, architectural fees for which are covered by a \$1,200 loan recently approved by the Housing and Home Finance agency in Washington, D. C.

### RANCH-TYPE

The new fire station, which will supplement the present Orinda fire house in the Village, will be a modern one-story building of wood frame, stucco and brick, in ranch-type character, Buchter said. It will contain complete living quarters for the men, and will have room for three engines. To be built on approximately two acres of ground, it is being designed with the idea of future expansion.

Following completion of the architectural plans, a bond issue election will be held for approval of financing construction. After construction starts, the federal loan of \$1,200 must be repaid. Buchter has about four months in which to complete the plans, but expects to have them finished before the expiration of that time.

**SITE RECOMMENDED**  
Fire Chief H. E. Wyatt has stated he hopes the new structure will be completed early in 1951. A new station at the site, and an additional station in the Sleepy Hollow area, have been recommended by the Board of Fire Underwriters. Additional equipment will be necessary at the new station.

No estimate of construction costs has yet been made for the new station, which will greatly increase efficiency of service to the Orinda area and will avoid traffic confusion at the Crossroads.

Buchter, a member of the American Institute of Architects, has his office at 61 Moraga Highway. His firm has had considerable experience in designing public buildings, including fire house planning in Richmond and work with the Orinda, Pinole-Hercules, Sheldon, Vallejo Unified and Livermore School Districts and the Contra Costa Junior College District.

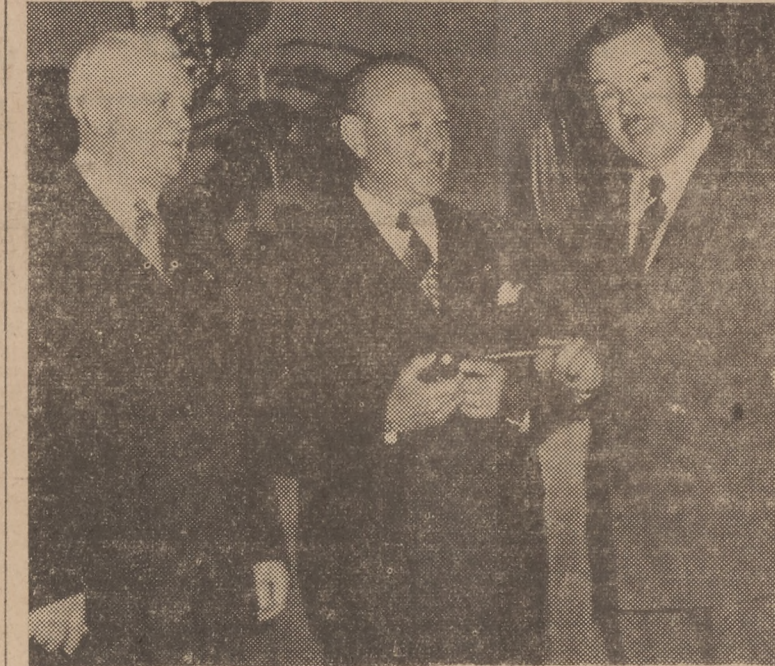

## Orinda Chamber Gives Its Nod to School Bond Issue

Endorsement of the proposed \$400,000 Orinda school bond issue was voted yesterday by the Orinda Chamber of Commerce.

Meeting at the Casa Orinda, chamber directors also expressed the hope that a large crowd would attend the July 18 public meeting on the school bond question. The bond election will be held July 25.

The chamber also endorsed the efforts of the Martinez-Beneicia Ferry Company to draw people into Contra Costa County by means of signs and placards along highways and on the ferry boats going across the Sacramento River.

President Bill Worden presided at the luncheon meeting. Next meeting will be on July 20, at noon, at the Casa Orinda.

ORINDA LIONS held their formal installation of officers at the club's annual dinner-dance at Orinda Willows recently. Over 100 attended the affair. Here are two scenes at the gathering—top picture shows Paul Vashell, at left, receiving his 10-year perfect attendance pin from T. S. "Tommy" Nielson, past Lions International Counselor; bottom picture shows Donald E. Hunter, new president, at right, accepting the gavel from Carl C. ## El Toyonal Gets School Bus Service; Public Meeting on Bond Issue July 18

Consideration of school bus routing was one of the important items on the agenda for Orinda Union School District board of trustees at its session Monday night.

The one request for extension of bus service to the El Toyonal area, tendered by Warren J. Pollock as representative of the residential group in the district affected, was granted by the board.

Extension of the route to this section was a controversial measure last year, with Blackwood Transportation refusing to cover the route because of allegedly dangerous road conditions. Since then, the county has completed corrective work on the roads, making them acceptable for bus traffic.

Only other change discussed was the route which ran last year over the hill crest at Moraga Del Rey. This course has been changed to conform to the high school route, with the buses to progress around El Camino Moraga, down Don Gabriel and Valley View Drive. This re-routing will make it possible for the Lost Valley area children to board the bus at Valley View and Don Gabriel, following requests for transportation from that district.

Another main topic of discussion by the board was the school bond issue meeting which has been planned for July 18. Service groups and organizations throughout the area are to be notified so there will be a comprehensive representation at the public session. The bond issue election is set for July 25.

A letter from Supervisor H. L. Cummings informed the board that, following his recommendation, Martha Road, which runs alongside Glorietta School, has been taken over by the county upon action of the county supervisors.

The next board meeting is scheduled for August 1 instead of the regular meeting date of August 7. At this session, trustees will canvass the bond election ballots, and public hearing on the school district's estimated budget for the new year will be held.

William Fleager was reelected

president of the board for the new school year and Mrs. Joan Erikson was reelected clerk, according to Schools Superintendent Joseph Sheaff.

## Howser Assigns His Chief Agent To Contra Costa

On assignment from Attorney General Fred N. Howser, Chief Special Agent George Griffin of the Attorney General's office was due in Contra Costa this week to check into the County Grand Jury's report on widespread gambling.

Primary interest of the Attorney General's office, Griffin told the SUN, is the statement in the Grand Jury report that recourse to that office was "out of the question" and that "reliable sources" had informed the Grand Jury that "under the circumstances, such a request would receive little or no consideration."

Investigation of illegal gambling would normally be conducted by the Attorney General's office.

Reached at his San Francisco office, Griffin revealed:

"We're mainly interested in the report that they couldn't get any assistance from this office. I'll be in Contra Costa County this week and I want to see the factual report."

In announcing he had assigned Griffin to conduct a checkup, Howser said:

"I have instructed Griffin to look into alleged gambling in Contra Costa County and to take whatever steps are necessary."

## Let's Talk More About the Weather

Swimming pools were crowded, lawn sprinklers worked overtime and every cooling agency possible was utilized when traditional July heat descended on Orinda and Lafayette with a vengeance early this week. Several preview days of warmer weather ushered June into the past.

In the weather reports from June 28 through July 4, Lafayette scored a high of 106 degrees on July 1 and 2, while Orinda's weatherman recorded a 102.5 degree maximum on July 3.

Minimum temperature for Lafayette was pegged at 50 degrees on June 28, with the maximum of that same day a 97 that rose steadily to the 106 peak within the next few days.

### Betty Coleman Back

Miss Betty Coleman has just returned from a month's visit with parents and family at Newport News, Va. Miss Coleman had much to tell her folks about her Orinda home she shares with two others who are, like her, engaged in social service work for Alameda County.

## Swimming Pool At Acalanes High Open for Season

The swimming pool at Acalanes will be open this summer. School officials have okayed the use of the pool by the Red Cross. Charles Eaton is in charge of the pool, which is open every day but Mondays.

Last week, Eaton reported, over 600 people used the pool in one day.

## You Won't Want to Miss Those Tags For Wonderful Buys on Red Tag Days

Next Thursday, Friday and Saturday — July 13, 14 and 15 — will not only be "red letter" days for shoppers of this area; they'll be RED TAG DAYS.

A major merchandising event to which consumers can look forward, the Red Tag Days will afford shoppers an unprecedented opportunity to obtain real bargains at many stores. Merchants throughout the area will mark special offerings with prominent red tags designating price, and each store participating in this three-day event will display a large window sign calling attention to the Red Tag Days.

This is the first time such a step has been taken in this area, so it's a "first" for both storekeepers and customers, and also for values galore.

Don't miss the Red Tag Days July 13, 14 and 15! Watch for further details in next week's Contra Costa Shopping News and SUNS — and keep your eye open for the big window signs in stores.

## Your Garden

### Helping Kids Plan Garden Is Fun for All

By BERT WRIGHT

HELP THE CHILDREN plan a garden! "But do they want one?" you say. Just ask them!

Watch their eyes light up at the thought of a garden of their very own . . . where they can dig to their hearts' content; where they can pick flowers if they feel so inclined; where they can grab a snack in the form of a nice crisp radish or a tomato, which they have grown by their own efforts.

Let them make their own choice as to what they will plant. Help them only in giving advice on arrangement and selection of plants. See that they select plants that are easy to grow, ones that are not apt to result in disappointment for the young gardening enthusiast.

Marigolds, nasturtiums, cornflowers are a few good flowering plants for the youngster's garden, and in the vegetable division, lettuce, radishes and perhaps some small red and yellow pear-shaped tomatoes are "sure hits."

AT FIRST, enthusiasm will run so high that the child will want to

undertake too large a garden. Don't let him make this mistake. Insist on a small area which can be well tended with only a very small outlay of time, and thus it will not become tiresome to the child, but will continue a source of pleasure and pride.

Planning such a garden with a youngster presents an excellent time to teach him some fundamental knowledge . . . the relationship of living things to their surroundings and the care and food they receive.

By the way, an excellent aid in explaining the basic science of soil and plants are two elementary science booklets, "The Story of Soil" and "The Story of Plants," available free by writing Swift and Company, Plant Food Division, Chicago 9, Ill.

These booklets are written and illustrated especially for children . . . they have received enthusiastic praise from many leading educators. In fact, a lot of us "old gardeners" might learn a few things from these booklets, ourselves!

## Dogs Do Bark—Men, It Seems, Do Talk

By LYN McKEE

TALK ABOUT women having the gift of gab! There was a meeting of dog show judges in this area recently, at the Walnut Creek Grammar School, which lasted until 1:30 in the morning.

Of course, the women were not entirely in absentia. Judge Virginia Williams was present, but she was not the only person who had much to say.

When the fascinating subjects of obedience trials, dog shows and dogs in general were finally sent to the kennel, Judge Al Wahl went home carrying a sheaf of papers. These contained a number of points which he will bring up for discussion at the headquarters of the American Kennel Club in New York, on a trip east this month.

### AND THE DOGS DO BARK.

Joe Simpson has come to town. He has hung up a brand new sign at the Sierra Kennels in Lafayette, announcing his profession: Dogs Trained in Obedience Work. His pupils, to date, consist of a Great Dane, a Spaniel, a Boxer, a West Highland and a Collie. Joe's ability as a trainer is well-known and highly praised by dog fanciers throughout this vicinity.

Not only does he train dogs, but he also trains dog owners to train their own dogs. Each night of the week, he instructs a different group in a different area. Dogs, dogs, morning, noon and night, for Joe Simpson.

GARY SHALLEMBERGER of the Sierra Kennels speaks with familiarity and enthusiasm about many breeds of dog. He kept up a running commentary as he showed me through the kennels one day. Besides the pet Cairn Terriers and Welsh Corgis which are raised at the Sierra Kennels, there are many dogs of various breeds which are boarded there, all comfortably established in clean kennels, with

runways which are protected by partial shade all day.

Speaking of Cairns, some fine pictures of this breed appeared in recent issues of Life, with the articles by the Duke of Windsor, who favors them. The Cairn Terrier originated in Scotland about 1600. It is an alert dog, possessing a sporting nature.

WATEROCK SPRINGER Spaniels have been doing themselves proud. At the Contra Costa Dog Show in Pittsburg a few Sundays ago, which was ring-stewarded by members of the Mt. Diablo Dog Training Club, Ch. Waterock Strongbow went Best of Breed and placed fourth in the Sporting Group.

Bert Howard's Waterock Whistle took second in the Open Class at the Contra Costa Show.

Waterock Sunspark, owned by Harry Lawley of Walnut Creek, won the Open All Age Stake at the recent Salinas Field Trials for Springers.

I. E. Iford of Martinez showed his Ch. Waterock Recruit, a new champion as of this spring, at the Los Angeles Riviera Show and at the Salinas Show, taking Best of Winners in both.

HERE'S SOME DOG NEWS from Echo Springs way. The Ben Gladings have just acquired an orange and white Brittainy Spaniel. This breed of dog has gained popularity at a rapid rate in this country, in the past few years, as a hunting dog and good field trial worker.

Fay Wahl is proudly displaying a new litter of cocker spaniel pups, five in number and showing promise already. Pretty cute.

## Drop Excessive GI Housing Fees

Veterans Administration and the Federal Housing Administration have taken joint action to eliminate excessive fees and charges in connection with the construction of housing financed with the aid of Government guarantees or insurance under the GI Bill and the National Housing Act, it has been announced.

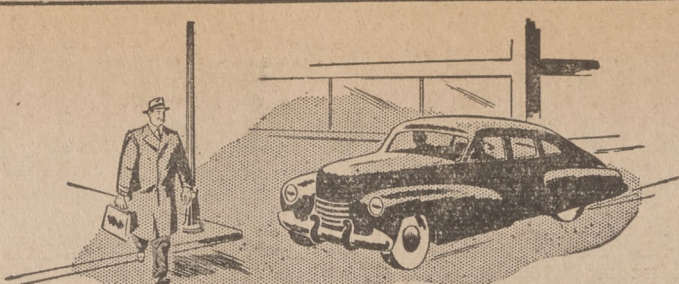

Acting under authority recently granted in the Housing Act of 1950, FHA Commissioner Franklin D. Richards and VA Administrator Carl R. Gray, Jr., have established limitations on such charges, effective July 17.

## On-Farm Training For Vets Clarified

Veterans who started GI Bill institutional on farm training before May 15 will not be affected by a recent Veterans Administration ruling that their farms must include tilling of the soil as a basic activity, VA said.

Their farms, however, still must meet all other requirements of the law establishing the farm training program and of previous VA regulations.

Drive very carefully — the life you save may be your own.

## Letters to the Editor

(The following letter to Got Rocks Gordon from Sheriff James N. Long was forwarded to the SUN by Gordon with permission to print it.)

Got Rocks Gordon  
242 Mt. Diablo Boulevard  
Lafayette, California  
My dear Mr. Gordon:

This note is to acknowledge your many kindnesses to me during my campaign for reelection as Sheriff of Contra Costa County.

I know that you spent many long hours advocating my return to office, and I am deeply appreciative for all the assistance you rendered me. It was through the efforts of such good friends as yourself, that I was successful. I trust that some day I shall be able to reciprocate to some degree at least.

Please accept my kindest personal regards and best wishes for your continued health and happiness.

Very sincerely yours,  
James N. Long, Sheriff  
Contra Costa County

Dear Sir:

A copy of your editorial of May 26, entitled "Attorney General Howser Should Be Defeated," recently came to my attention.

While you state that as a publisher you do not believe newspapers should endorse candidates for public office, in view of the unusual situation in the Attorney General's office you took an exception, and I want to express my appreciation for the support you gave me as a

Republican in the campaign for Attorney General.

As you know, I would not have been a candidate against an incumbent in my own party if I had not sincerely believed that the incumbent had not fulfilled his responsibilities to the people of California and, further, brought disrespect to the office of Attorney General.

If elected Attorney General in November, I can assure you that I will do everything within my power to restore the office of Attorney General to that high position it held under U. S. Webb and Earl Warren. I hope I may continue to warrant your support and encouragement.

During the campaign I hope to get back to your area and trust I may have the pleasure of seeing you again at that time.

Sincerely,  
Edward S. Shattuck.

(Editor's Note: Our readers will remember that we urged them to vote for either Edward Shattuck, Republican, or Pat Brown, Democrat, since incumbent Fred Howser had proved himself unfit for the office.)

## Captain Sandford Sez:

WHEN I WAS A YOUNGSTER I was taught to relax at meals, chew my food carefully and sit at table in an upright and somewhat dignified fashion. These old-fashioned ideas (which promoted good health and prohibited stomach ulcers) are now completely out of date; in fact, they are obsolete.

The other day when we went for lunch we were immediately assailed by a radio blaring the details of a baseball game. Then other customers came in and someone put small change in the juke box. So we were now confronted, not only with the shouting of the radio announcer, but also a raucous, untuned voiced biddy asserting loudly that she wanted to be loved. In fact, she was in the mood for almost anything, it would appear. Come to think of it, so am I, but kinda quietly like.

Some eating places also have miniature bowling alleys which, when in operation, produce an almost perfect imitation of a boiler factory in full blast; and so what?

NEWSPAPERS HEADLINE: 157 non-signers fired by the regents of the University of California. All of this is kind of difficult for me to understand. Maybe I'm old-fashioned, but I feel that the employed carries out the instructions of the employer or else looks for a new job.

There are places where those who were not loyal were immediately shot and so maybe most of us should be very proud of our citizenship in this great country, proud enough to make a voluntary loyalty oath every morning before breakfast and if necessary have it tattooed on our chests. Maybe like my horsemanship that's not very good, but still that's just how I feel.

FOR THE BENEFIT of any person or persons who may have murderous intent against horseback riders the following is an accurate quotation from the current California Vehicle Code: "If you meet or overtake any animal or livestock, you must reduce speed or stop as may be necessary or may be requested by any person in charge of the animal or livestock." (Veh. C. Sec. 532).

With which quotation I will finish this rambling, self-praising epistle, and beg to subscribe myself

Goodbye now.

### Write-In Field Day: 24 More Also-Rans

So you thought there were only four candidates for sheriff in the June 6 primary election? Hah! That shows how little you know... Matter of fact, there were 28 who received votes for the office — 24 of them as write-ins.

But let The Knave, Oakland Tribune columnist, tell the story in his own words. Here's the way he told it in a recent column:

"There's only one reason why Bill Pechart, Contra Costa County gambling king, didn't get elected as sheriff.

"It was the same reason that balked other 'opponents' of Sheriff Jim Long.

"None of them got enough votes.

"You may have thought there were only three candidates running against Long, but the official canvass of the vote shows he beat a field of 27. Of them, 24 were write-ins.

"Capt. George Belon of the Contra Costa County highway patrol squad, topped the unlisted field with 24 votes. Alameda County's Sheriff Jack Gleason got four. A score of 'candidates' were down for a vote of two or three, probably voting for themselves.

"Pechart? He got two votes, and we're quite sure he didn't vote for himself, didn't even solicit support.

"And it probably doesn't irk Bill a bit to realize he was pretty low on the list. Herman Silverman the Orinda and Lafayette newspaperman who blasted gambling in a series of articles a few months ago, beat him 4-1.

"Silverman got eight votes."

### Janet Chantler Elected to the 'State Assembly'

Janet Chantler, 17, whose parents are C. B. Chantler of 64 Davis Road, Orinda, and is a student at Acalanes high school, was elected to the State Assembly from Los Rosas, one of the 12 cities, at the Seventh California Girls' State held June 21-29 at the California Junior High School, Sacramento.

Each American Legion Auxiliary Unit in California is permitted to sponsor a girl who is selected on the basis of citizenship, leadership, scholarship and character. Some units join forces to share the cost of sponsoring a girl who will return to her community to make use of the practical lessons in government learned at Girls' State. There were 332 delegates in attendance this year.

During the week's activities, the girls organize city, county and state units of government, electing officers and establishing ordinances and laws for each.

### Adoption Service Set for July 17

By July 17, Contra Costa County will have an adoption service for placement of children in approved, permanent homes. W. G. Golden, director of the Social Service Department, announced that the office will be in operation at 615 Estudillo Street, Martinez, after that date.

Previous anticipation of opening July 1 proved to be optimistic in view of the problems that occurred in the state's licensing and financing of the program. The license is now on hand, and staff members are being selected.

### Camp Wolfeboro Second Session Opens Tomorrow

The Berkeley-Contra Costa Area Boy Scout Council goes into the second camp session tomorrow, with chartered buses taking 37 more troops to Camp Wolfeboro in the High Sierra. The following session, opening July 22, is filled to capacity.

Those returning tomorrow from the first session include campers from troops of the Diablo District: Troop 200, Orinda; Troop 205, Walnut Creek; Troop 207, Orinda; Troop 208, Ignacio Valley; Troop 209, Pleasant Hill; Troop 210, Lafayette; Troop 216, Danville.

Going to camp tomorrow from the Diablo District will be Scouts from Troop 201, Walnut Creek; Troop 202, Walnut Creek; Troop 206, Danville; Troop 213, Walnut Creek; Troop 214, Walnut Creek.

### MULE PACK TRIPS

According to Joe Esser, camp director, one of the features of the two-week period is the three day back-country "mule train" pack trips. There is also much interest being shown in the opportunities which are available for Scout advancement, in addition to the regular supervised waterfront activities, which include swimming instruction, life saving and the rowing merit badge.

Some of the other activities at camp include instruction by qualified counselors in marksmanship, archery, fishing, nature study, handicraft, camp crafts, physical fitness activities and wood lore.

A central camp staff numbering 40 persons is maintained. A qualified medical doctor also lives at the camp during the season.

Camp Wolfeboro is located off the Ebbets Pass Highway above Angels Camp, Calif., on the north fork of the Stanislaus River at a mile-high altitude.

### NATURAL RESOURCES

"Unless we think of our natural resources as trusts for our heirs, there will come a day when there will be no game to hunt or fish to catch." — Governor Earl Warren.

and outfielder Walt Pockay, who are playing a great part in the pennant drive. Walt is a Richmond boy, and celebrated the news that he was a father of a bouncing baby boy with a home run, a triple and a single. Neal is the Santa Barbara lad who was signed this spring and appears to have the makings of another Artie Wilson — which is my way of saying "big league."

Bob Dahle and Tom Breisinger are two left-handed prospects who appear to have a great future as pitchers, so all in all the Oaks have a few nuggets tucked away in the Northwest. Let's hope they are not buried like the gold at Fort Knox.

**THE LIGHT** is getting a bit low, and it's up early in the morning and on to Canada. So for now I'll say goodbye and meander off to my sleeping bag, hoping to rise early and get this off in the morning mail at the next postoffice along our unscheduled route.

Bob and Forrest have been in their sleeping bags for some time, but so far have not achieved much in the way of rest, as the howling of what sounded like some sort of wild animal has disturbed them no end. The net result is mental alertness aided and abetted by a shovel, flashlight and two-edged axe.

Good-night and pleasant dreams.

**THE TEAM** is a young one, with most players in the 19-25 age bracket. Many of them are property of the Oaks. On the basis of records and performance, two of them wouldn't hurt the Oaks right now. One is Don Ferrarese, who has developed terrific speed along with what is rated as one of the best-breaking curves on the coast. Don just turned 21, and appears ready for Coast League competition.

The other is a third baseman who possesses a whip arm and swings a lusty bat, as shown by a 390-foot poke over the fence in deep center. This player is Don Fracchia, who was with the Oaks for a while early in the season. He is a leader on the field, and has savvy well beyond his 19 years.

Other players here are Lary Neal

### Coach Mattson Takes to the Road, Writes of His Tour to the Northwest

**By COACH ERWIN MATTSO**

THIS COLUMN is being written beneath the light of a Coleman lamp while camped on the banks of an unusually peaceful Columbia River, just 40 miles from the Canadian border.

I am here as the result of a camping trip undertaken by the two Borghesani boys, Forrest and Bob, and myself, using a Dodge pickup truck as means of transportation through the kindness of Lou Borghesani.

To date the trip has been perfect, and our experiences many. All have been pleasant, even though such as our sleeping in a sleeping bag in the snow had its moments of discomfort, as did a cold shower through the use of a hole in the side of an irrigation trough.

On June 25 while in Wenatchee we had the pleasure of visiting with Don Ferrarese, who plays with the Wenatchee Chiefs baseball team — more of which subject I will discuss later.

**OUR FIRST STOP** out of Lafayette was at Clear Lake, where we stopped at the town of Kelseyville to visit with the boys' aunt and uncle, who are former residents of Lafayette and were known to many there, prior to 1939, as Ida and "Doc" Smith.

Doc was the cook at what is now the Roundup and what was known as Lou's in the old days.

While at Clear Lake we had a busy schedule filled with two sports events, one of which was the great American game of baseball and the other a fishing excursion on the placid waters of Clear Lake. (We were given to understand that on occasion it is anything but placid)

Fortunately for us, Doc proved to be as capable with a fishing rod as he is with a skillet, with the result that we ended up with four catfish, well over a pound each, and a black bass in the neighborhood of two pounds. Aunt Ida added her bit when she cooked the fish and added two kinds of pie and a double layered cake, to all of which we did justice, finishing what little remained on our next day out.

**THE BASEBALL GAME** was played at night under the lights of the new fair grounds which have just been completed at Lakeport.

The two towns are but seven miles apart, and the interest in the game was high, as shown by the fact that approximately 600 persons paid admission, set at 50 cents per adult.

**THE GROUNDS** themselves are well kept and boast a fine grandstand. A quarter-mile track circles the field, and in addition there is a fine speaking system made readily portable by its being installed on a four-wheel trailer, with all equipment enclosed.

The team played a good brand of ball, and the spirit was high. One ancient custom was invoked which I hadn't seen for some time. Each team furnished a home-town umpire, and at the midway point (four and a half innings) the behind-the-plate umpire and the base umpire changed positions. This goes back to the small town custom of handling the umpiring in that manner in order to avoid possible prejudice on the part of an umpire in favor of his home club.

In most areas umpires have associations and are secured through a commissioner. Evidently the population of Lake County has not made feasible such an organization, and thus the carrying on of what has become a lost tradition in many places.

**ONE UMPIRE** operated in reverse in the calling of balls and strikes, denoting strikes with his left hand and balls with his right. The opposite of this is the correct procedure, although the modern practice is to denote strikes by raising the right arm, while no gesture of either arm indicates a ball. In calling balls and strikes, one should indicate balls first and strikes second. For example, a 2 and 1 count means two balls and one strike.

Lakeport itself is a relatively small town, but boasts two well-rated teams, and each plays twice a week to excellent crowds.

Part of its success no doubt lies in the fact that it is a considerable distance from other areas, such as the Bay Cities, and little competi-

tion is offered in the way of counter-attractions.

**ONE OF OR LATER STOPS**, as previously mentioned, was deep in the heart of the Northwest, where we stopped at Wenatchee. Our main interest in going there was to see our good friend Don Ferrarese, who rates as one of the better young pitching prospects on the coast.

Don has won eight and lost five, while setting up an enviable strike-out record. Unfortunately, it was not Don's night to take to the mound, but we did have a grand visit. He looked fine and seemed fully recovered from a heavy cold which had bothered him early in the season. On one occasion he pitched with the thermometer hovering at 36 degrees.

Weather of late has been much better, and we took in a Sunday double-header, and we sat in our shirt sleeves until 10:30. All games are night ball, with the double-headers presenting a first game in early twilight.

The four top clubs are bunched together in a close pennant race, and Wenatchee is now in the No. 2 spot. The park itself is a beautiful little field, with a left field fence set at 351 feet and an inviting right field fence at 320.

**ATTENDANCE** is amazing, with 35 home games drawing better than 54,000 (the estimated town population is 25,000). The club is home-owned by a group of local businessmen, and interest is very keen.

The town is on the banks of the fabulous Columbia River and is a beautiful sight as one approaches it from the high, winding mountain roads. As Don put it, "It's scenic, all right — but that's about it." Evidently it offers little in the way of entertainment, and is content to roll up its sidewalks with the sounding of the curfew.

**THE TEAM** is a young one, with most players in the 19-25 age bracket. Many of them are property of the Oaks. On the basis of records and performance, two of them wouldn't hurt the Oaks right now. One is Don Ferrarese, who has developed terrific speed along with what is rated as one of the best-breaking curves on the coast. Don just turned 21, and appears ready for Coast League competition.

In the foregoing descriptions, the width of all easements described by reference to a center line is measured at right angles.

In the foregoing descriptions, wherever right of way, easement, street, or other public way is described wherein work is to be done, it is the intention that said work shall also be extended so as to connect the same with existing sewers or sewer work to be constructed nearest to said right of way, easement, street, or other public way, and at the point in said proposed work where a manhole, flushing inlet, or other construction is shown on said Plans therefor, unless otherwise shown thereon.

BE IT FURTHER RESOLVED that such sanitary sewers and appurtenances be constructed in said streets, easements, reserves, avenues, roads, lanes, courts, places and/or public ways hereinabove described, of the dimensions, materials, and in the particular locations set forth and shown on the plans and specifications and detailed drawings hereinabove and hereafter referred to; together with the construction of all appurtenances thereto, including necessary fittings, trenchings, grading and regrading, excavation and fill, removal of obstructions, connections to existing services, back filling, reconstruction of existing ground surface as required to conditions existing prior to commencement of construction, all in the manner, of the materials and to the dimensions and to the grades, and in the particular locations as the same are more fully shown on the plans and specifications and detailed drawings

hereinabove and hereafter referred to;

That the structures and work and improvements herein described shall be constructed to the grades, sub-grades and elevations severally shown upon the plans and profiles and detailed drawings thereof in the respective locations thereof, to which plans and profiles reference is hereby expressly made for a description of the grades to which all of the work and improvements under this Resolution of Intention shall be done, which said grades are hereby adopted and established as the official grades therefor for all purposes in connection with proceedings pursuant to this Resolution of Intention; notice is hereby further given that said grades are or may be, in part, new and different from those heretofore established or existing, or may be, and in some cases are, different from existing ground levels;

All of said work and improvements shall be done to the lines and grades as shown on the plans and profiles and in accordance with the plans and specifications heretofore referred to for the doing of said work and improvement, and which are now on file in the office of the Secretary of the District Board.

Excepting from all of the herein described work all of said work that has already been done to the lines and grades shown on said plans and profiles, and in accordance with said plans and specifications;

The attention of all persons is directed to the fact that all of said classes of work above described may not be constructed upon all of the streets and/or public ways above described in their entirety, but only upon the particular locations as shown on the plans and specifications, to which the attention of all persons is directed for a description of the work, location of the several classes of work, a description of the classes of work to be done upon each of the several public streets and rights-of-way named, a description of the streets and rights-of-way, and for all other information contained in the said plans and specifications pertinent to the doing and completion of the work and improvements herein proposed; and

WHEREAS said contemplated work and improvements, in the opinion of this District Board, is of more than local or ordinary public benefit, said District Board hereby makes the expenses and costs of said work and improvements chargeable upon a district, which said district said District Board hereby declares the district benefited by the work and improvements herein described; and which is to be assessed to pay the cost and expenses thereof; said district shall include that territory in the Central Contra Costa Sanitary District, County of Contra Costa, State of California, which is shown on that certain plat or map on file in the office of the Secretary of the District Board, and which is set forth as the "Map Showing Proposed Assessment District Boundary for the Improvement of Local Improvement District No. 21 in Resolution 614 of the District Board," and which said map or plat indicates, by a boundary line, the extent of the territory included in the proposed district and covers all details as to the extent of the area to be assessed; said map or plat is, by this reference incorporated herein and made a part hereof;

Excepting from the area shown and delineated on said map or plat hereinabove referred to, the area of all public streets, avenues, lanes, roads, drives, courts, places, public parks and all easements and rights-of-way therein contained belonging to the public.

That the proceedings for said work and improvement shall be had and taken under and in accordance with Division 7 of the Streets and Highways Code of the State of California ("Improvement Act of 1911").

NOTICE IS HEREBY GIVEN that the Health Officer of said County of Contra Costa has recommended in writing to said Board that said proceedings for said work be instituted as a necessary health measure, and said Board heretofore ordered said recommendation spread upon the Minutes of said Board and by Resolution adopted by the affirmative vote of four-fifths of the members of said Board found and determined that such necessity exists.

That serial bonds shall be issued pursuant to Part 5 of Division 7 of said Streets and Highways Code (Improvement Act of 1911) to represent the unpaid assessments of Twenty-Five Dollars (\$25.00) or over for the cost of said work, said bonds to bear interest at the rate of SIX PER CENT (6%) per annum, to extend for a period of nine (9) years from the second day of January next succeeding the next October 15th following their date, and to be payable in annual installments the last installment thereof to mature nine (9) years from the second day of January next succeeding the next 15th day of October following their date, said bonds and the interest thereon to be payable as provided in said Code.

That Thursday the 20th day of July, 1950, at the hour of 8:00 o'clock p.m., of said day, and at the meeting place of said Board, 1822 Mt. Diablo Boulevard, City of Walnut Creek, in the County of Contra Costa, State of California, be and the same are hereby fixed as the time and place, when and where any and all persons having any objection to the proposed work and improvement, the grades there-

of, or to the extent of the district to be assessed, or all thereof, may appear before said Board and show cause why said proposed work should not be carried out in accordance with this Resolution of Intention, and may present written protest, not later than the hour hereinabove set for hearing, against the doing of said work, the grades thereof, or to the extent of the territory to be assessed to pay the cost and expenses thereof.

That the Engineer of said District shall cause to be conspicuously posted along the line of said work and improvement, in the manner and form required by law, notices of the passage of this Resolution.

That the Secretary of said Board shall certify to the passage of this Resolution and shall cause the same to be published twice, as required by law, in the Orinda Sun, a newspaper published and circulated within said District and hereby designated for that purpose by said Board. The first publication of said notice shall be not less than ten (10) days prior to the date herein fixed for hearing on this Resolution of Intention.

Said District Board does hereby direct its Secretary to mail notices of the adoption of this Resolution of Intention postage prepaid to all persons owning real property proposed to be assessed for the work herein described, whose names and addresses appear on the last equalized assessment roll for taxes of the County of Contra Costa or as known to the Clerk, the contents of said notices and preparation and mailing to be as required by law, and to be completed at least fifteen (15) days prior to such hearing.

## Rhodes Chairman Of Scout Group On Advancement

Forrest L. Rhodes has recently been appointed chairman of the Advancement Committee of the Diablo District of the Berkeley-Contra Costa Area Council, Boy Scouts of America, according to J. Shockey, District Committee chairman, who made the appointment.

Rhodes, a native of New Jersey, has been a resident of California since 1914, and since 1941 has maintained his home in Lafayette. Active in civic affairs, he is president of the Lafayette Dads Club, a member of the committee of Scout Troop 204 and the Pack Committee of Cub Pack 38. He has been actively engaged in Scouting activities since 1944. He is a Civil Engineer in the Corps of Engineer, Department of the Army, Oakland, and is the father of two Scout sons. As Diablo District advancement chairman, it will be his responsibility to guide his committee in the selection and maintenance of a complete corps of expert adult counselors in the district for the 109 Scout Merit Badge subjects in the Scouting program. He will also coordinate all Eagle Scout Boards of Review and Court of Honor, in addition to stimulating Scouting advancement within the 31 units of the Diablo District.

## Drivers of School Buses Win Orchid

If the average motorist drove as carefully as the school bus driver, traffic fatalities would all but disappear, according to the California Highway Patrol.

During the last 15 months approximately 280,000 children were driven to and from California public schools each school day without a fatal accident, the Highway Patrol reported.

# Here Is Your Sportsman's Calendar

Planning to go hunting or fishing on your vacation? Then you'll want the following guide with which the California Division of Fish and Game reminds sportsmen of current regulations:

**TROUT** — Ends October 31. Bag limit: 15 trout, salmon, or Rocky Mountain whitefish, but not more than 10 pounds and one fish. Local exceptions.

**BLACK BASS, SUNFISH, SACRAMENTO PERCH, CRAPPIE** — Ends February 28 in northern California. No closed season elsewhere.

## Dog Training Club To Start 2d Series

The Mt. Diablo Dog Training Club wound up its second series of training classes last week. All the handlers put their dogs through the Novice Class exercises, to be judged and graded. This was followed by a discussion centering on the final scores and pointers on handling in Obedience Trials.

The next series of six training lessons, open to dog owners free of charge, will be conducted by members of the Mt. Diablo Dog Training Club starting next week. The classes will meet at the Buena Vista School in Walnut Creek, which is located approximately a quarter of a mile north of the Walnut Creek Park off the west side of the highway, at 8 every Tuesday evening.

Anyone who has a dog he wishes to train in basic obedience techniques is invited to join the group. Further information may be secured by calling Mrs. Alvin Wahl at Walnut Creek 4961 or Lyn McKee at Lafayette 3230.

## Contra Costa 5th In Public School Students Enrolled

Contra Costa County continues to hold its place among the top counties in California in the number of children enrolled in the public schools, figures prepared by the State Department of Education disclose.

County Superintendent B. O. Wilson said the study shows Contra Costa has the fifth largest public school population in the state, with a total of 55,881 pupils enrolled in kindergarten through junior college.

Los Angeles is first, with 615,575; Alameda next, with 100,417; San Diego, 78,762; and San Francisco, 71,632. Fresno County is slightly behind Contra Costa, with 55,531.

## Mrs. Dorr Given Farewell Party By Women's Guild

A surprise farewell party for the organization's president, Mrs. Mary Dorr, was held last week by the Women's Guild of the Orinda Community Church. Mrs. Dorr is moving to Salem, Oregon, this fall, for a year.

And she was almost overwhelmingly surprised, for she thought she was accompanying her hostess at dinner that night to the church for a few minutes' Scout business. A large group of members from all five sections greeted her enthusiastically as she entered the room at the church.

### VIOLIN SOLOS

A pleasant half-hour was spent informally, and then Mrs. A. C. (Lois) Flenner, a newcomer to Orinda from Chicago, accompanied by Mrs. Symeta Kuper of Berkeley, delighted her audience with a number of violin solos. A "who is it?" game aroused much merriment as Mrs. Dorr read from slips the five statements each one had anonymously written about herself.

### TRAVELING CASE

Speaking on behalf of the Guild, Mrs. Stanley Hunn, vice president, presented Mrs. Dorr with a beautiful-fitted airplane traveling case. An appropriate poem written by Carrie Brown accompanied it, and a card signed by the members present.

The serving of refreshments closed the affair.

Mrs. Hunn will take Mrs. Dorr's place as president in October.

## Mrs. Dorr (With Aliases) Goes on Radio Next Week

Whether it's what to buy on early morning shopping tours or what and how to cook, Mrs. Mary Dorr has the answers. And she'll be giving such advice over radio station KFRC in San Francisco this summer, starting Monday.

Monday through Saturday, Mrs. Dorr will broadcast twice daily for the next several weeks. At 8:25 a.m., as "Bess Bye," she will do an "Early Morning Program" in which she will tell housewives of the bargains she saw still earlier in the morning at San Francisco's food markets. From 9:30 to 10 a.m., as "Emily Barton," she will talk on home economics.

Mrs. Dorr, who is president of the Women's Guild of the Orinda Community Church, has been doing this broadcasting for the past several summers, as a summer relief commentator, taking the place of the regular commentator while that person is on vacation.

## Was It Bomb? Odd Package Is Found Near Orinda C.C.

An object that looked suspiciously like a crude, homemade bomb, found Monday in grass at Camino Sobrante near Miner Road, in the vicinity of the Orinda Country Club, was turned over to the sheriff's office this week by Orinda Fire Chief H. E. Wyatt.

Chief Wyatt said the object, discovered in green grass, seemed to be a quantity of powder wrapped in paper and tied tightly with string so as to make a small, compact package. Part of the package resembled a burned-out fuse.

Although he was not certain of its identity, the chief said that the crude bomb-like object could have been tossed into the grass with the idea of starting a fire, but that the green grass apparently was not too inflammable.

## Owen Enchanted By Beauty Spots On Europe Tour

From Italy comes a postcard to the SUN written by Owen of the Orinda Beauty Shop. Owen writes: "Meant to do better on the writing, but life has been so fast and fabulous, I have given up."

"Paris is my true love. Nice, Cannes and Monte Carlo were beauty beyond words, and so gay. On my way to Rome and Capri. "Hope you are all well."

## Orinda Kids' Swim Classes Open 25th

Beginning July 25 and continuing through August 11, Orinda school children will be able to participate in the Red Cross summer swimming program. Pleasant Hill and Diablo Vista pupils will be in classes at the same time.

Last Saturday was award day for youngsters of the Lafayette, Montecito and Vallecito Schools, 311 of whom took the classes this year. The classes are in the Red Cross building in Walnut Creek.

### Guests at Linen Shower

Mrs. J. V. Holcombe of Orinda and Mrs. A. A. Elick of Hidden Valley were among the guests at a recent linen shower given by Mrs. Richard Tuttle of Lakewood Estates, Walnut Creek.

The affair honored Barbara Louise Body of Oakland, who will become the bride of Paul Tinsdale Moser of Berkeley at services to be read at St. Clement's Episcopal Church August 26.

## Birthday Shindig Whoops It Up in Old Indian Caves

Arne Groennings of 23 Via Hermosa celebrated his 10th birthday with a picnic in The Garden of the Jungle Gods on Mt. Diablo recently.

He was assisted by Stephen De Maria (with parents), Tim Carter, Bill Thurlow, Warner North, Laird Eickmeyer, Rickie Davis, Tommy Thurston, Martin Smith and last, but not least, three Dutch children (from Walnut Creek), Giselle, Wouter and Frank de Nie, and their parents.

All of the latter-day Indians had a grand time climbing in and out of the old Indian caves under the supervision of Carol Linn Baldwin and big brother Sven.

### Diane Gease Here

Miss Diane Gease, who has just completed her freshman year at U.C.L.A., is spending the summer with her parents, Mr. and Mrs. Lester Gease of Orchard Road in Orinda.

### TAHOE VACATION

The Edmund Richard Jr. family has returned to Orinda following a vacation spent at Lake Tahoe.

## Here and There in Orinda

### New Schedule For Summer at Orinda Church

A boon for parents who like to attend a church service while their children are in Sunday school is the summer schedule of Orinda Community Church, where both activities are held at the same hour, 10 a.m.

For younger children there is separate instruction at that hour, while junior age children and those older attend the first half of the church service and then move into class instruction.

On Sunday at 10 Rev. Fred Morrow will conduct the service, speaking on the first of two book review subjects connected with Elton Trueblood's "Signs of Hope." In this sermon he will deal with the first two chapters of the widely circulated volume. For children there will be a fourth installment of the serial story, "Roll On, Wagon Wheels," the true story of Robert Moffatt, famous missionary to Africa.

### Informal Recital By Piano Students At Kronke Home

The lovely Orinda home of Mrs. Fred Kronke was the setting for an informal recital given by the piano students of Mrs. Harriet MacQuiddy on a recent afternoon.

Parents gathered to hear selections by the children. Following the recital, mothers were served tea while the children played games and enjoyed refreshments in the Kronke garden.

Students who participated were: Jean Baitz, Mary Baughman, Patricia Boehm, Claire Cianciarulo, Louise Cianciarulo, Norman Geim, Suzanne Geim, Karen Hauser, Norman Hauser, Charlotte Kimball, George Kimball, Linda Kronke, Susan Kronke, Donna Lane, Marcia MacQuiddy and Roger Franklin.

### RECOVERING

Following a serious illness in which she was confined to Peralta Hospital for two weeks, Mrs. Clarence Wood is convalescing at her home on Las Piedras.

### Eye-Ear Tests End at 2 Schools

Completion of the hearing and eye tests conducted at both Glorietta and Orinda Schools has been announced by Mrs. William Brailsford, chairman of the Orinda Mothers' Club health committee.

The work done by the committee in assisting with the examinations and attendant clerical details, has been part of a program of cooperation with Mrs. Lois Fox, Contra Costa County public health nurse, which was started last spring and will continue during the coming school year.

Special thanks are expressed to those who so ably carried on this work: Mesdames Horace Breed and Glenn Butler, working with Mrs. Brailsford at Glorietta School; Mesdames Roger Stark, H. C. Gathings, U. B. Smith and Donald Krotz at Orinda School.

### Acalanes Honor Students

Eighty-nine Acalanes students were named to the statewide California Scholarship Federation for Spring, 1950. Eighty-six students have been named for the school's own honor society, "Acalanors."

### Visitors From Northwest

Mrs. H. J. Frolich is entertaining old friends from Seattle and Everett, Mrs. Verne Riley and Mrs. Charles Raine for two weeks. The visitors drove down to Orinda last Saturday. While here they will take trips to Carmel, Balboa and Laguna beaches.

### Frances Groves In Song Recital At Chimes Chapel

Miss Frances Groves took part in a song recital last Friday evening presented by Hedwig Schnoor at the Chapel of the Chimes.

She sang six numbers, "Caro Mio Ben," "A Remnant of a Cloud in Autumn," "Un bel di," "Harom oszi konnycepp," "The Sleep that Flits on Baby's Eyes," and "Voi Lo Sapete" from "Cavalleria Rusticana." Miss Groves sang with a richness of tone and with dramatic and spiritual feeling.

### Dr. Noble Defeats Favorite at Club Golf Tournament

Dr. W. M. Noble of the Orinda Golf Club scored a sensational golf victory over Tal Smith, pre-match favorite, at the Orinda Golf Club's Fourth of July Invitational Tournament.

Smith, winner of many regional, sectional and other championships, lost to Dr. Noble, 1 up. The defeated favorite had five over par 77, one of his worst days.

The play was in the first round of the 22nd annual Orinda Golf Club Invitational Tournament.

### Mrs. Frolich Entertains

Mrs. H. J. Frolich entertained 20 guests at a luncheon at Casa Orinda last week. Following the luncheon, all returned to Mrs. Frolich's home on La Plaza to play bridge and canasta. Winners at the four tables were presented with carved bottles of perfume brought by Mrs. Frolich from her recent visit to Hawaii.

### William Thearle Gets Okay to Try For Examination

William James Thearle of 9 Via Hermosa is one of 12 Contra Costa County youths authorized by Congressman George P. Miller to take the civil service examination qualifying those who pass for the formal examinations to Annapolis and West Point.

The complete list of youths in the county so authorized follows:

Kenneth Leroy Holden, Antioch; Peter John Fabrizio, Crockett; Ricardo Delfino Tonda, Crockett; Benjamin Gates Abramovitch, Martinez; William James Thearle, Orinda; Henry Jacobs, Pittsburg; John Alan Karsten, Pittsburg; Charles Morgan, Pittsburg; Clifton S. Erickson, Richmond; Jerry D. Roberts, Richmond; Albert John White, Richmond; John Anthony Phillips, Rodeo.

### RECOVERING

Mrs. Laura Mallory has returned to her postmaster duties after being absent last week because of illness.

## Two Grass Fires Fought This Week

Between 30 and 40 acres were burned in a grass fire Saturday which started at Scenic and Overhill Road, necessitating the use of eight pieces of equipment by 21 fire-fighters. Orinda Fire Chief H. E. Wyatt, was overcome during the action.

Suffering from the effects of the intense heat and smoke and from over-exhaustion, Chief Wyatt was taken to Herrick Hospital in Berkeley. He was released on Sunday.

Two and a half hours were required to bring the blaze under control. Men and equipment from the Orinda Fire Department and the East Bay Municipal Utility District battled the flames.

A grass fire in the Moraga Del Rey section burned several acres and scorched telephone poles Wednesday afternoon. Assisting the Moraga Fire Department were Orinda and E.B.M.U.D. fire-fighters.

### Swim Meet Held At Park Pool

Tuesday was celebrated by members of the Orinda Park Pool with the usual July Fourth Intra-Mural Swimming Meet. A community supper was followed by games in the evening. Many generous prizes were donated by Orinda merchants. The winners for the day were:

6-7 years: Freestyle — Roger Howard, Carol March.  
8-9 years: Freestyle — Mark Littlejohn, Sheri Elder; Backstroke — Mark Littlejohn, Ginny Matey.

10-11 years: Freestyle — Dar La Barth, Georgiana Watkins; Backstroke — Dar La Barth, Georgiana Watkins.

12, 13 and 14 years: Freestyle — Jim Watkins, Barbara Stark; Backstroke — Jim Watkins, Barbara Stark; Breast stroke — Jim Watkins, Barbara Stark.

15 to 30 years: Freestyle — Kim Wilkin, Ann Ward; Backstroke — Kim Wilkin, Ann Ward; Breast stroke — Kim Wilkin, Jean Yerkes.  
30 years and up: Freestyle — Eugene Shurtleff, Helen Gibbs; Backstroke — Fred Udall, Lid Miles.

Wayne Littlejohn won the two parent-child races. First race was won with the help of son Mark, and second race with the able assistance of daughter Rae.

Friday night dances will be resumed July 14, and members are asked to bring their favorite records.

### Face Lifting Job Due at Hatchery

A quarter of a million dollar face-lifting job on the state's oldest fish hatchery begins this month and will make possible an increase in the amount of catchable-sized trout planted in northern California waters, says the Division of Fish and Game.

Historic Mt. Shasta hatchery, in continuous operation since 1888, is the benefactor of an allotment of \$240,000 from the Wildlife Conservation Board's nine-million dollar share of state horse racing receipts.

State Hatchery Chief Earl Leitz announced that the complete remodeling job will include construction of 16 specially-designed raceway rearing ponds, an additional hatchery building and a food preparation room. New refrigeration equipment will also be added.

### Surprise Baby Shower

Mrs. Joseph Downs of Sleepy Hollow Lane entertained at a surprise baby shower recently in honor of Mrs. Robert Ramsay of Berkeley. Present were 15 of their Delta Zeta sorority sisters from the California campus.

## Settlement Ends Lively Divorce Trial Of Goldstines After Hurling of Charges

Sudden settlement has ended the tempestuous Goldstine divorce trial at Martinez, which started out last week with a flare of charges and counter-charges. According to stipulations agreed to by all parties prior to issuance of a formal decree by Superior Judge Harold Jacoby, the following points climax the case:

1.—Divorce from Irwin W. Goldstine, 42, well-known Orinda and San Francisco architect, to be granted to Mrs. Virginia R. Goldstine, 35, on grounds of cruelty.

### CUSTODY OF CHILDREN

2.—The three Goldstine children—nine-year-old Bruce and six-year-old Donna Jean and Craig, twins—stay with their aunt, Mrs. Anne Winkler of Salinas, for six months, after which they will be in custody of their mother, who will receive \$150 a month for their support, plus \$1-a-month alimony payment and the household furniture and furnishings.

3.—The family home, 79 Loma Vista Drive, Orinda, to be sold, with proceeds being divided equally between Mr. and Mrs. Goldstine after payment of counsel fees and other obligations.

4.—All other community property, including real estate and automobiles, to go to Goldstine.

### DROPS CROSS-COMPLAINT

5.—Goldstine to drop his cross-complaint charging his wife with intemperance and adultery.

6.—Fees for counsel—William L. Schoener and Robert T. Allen of Berkeley and Thomas Rogers of San

Francisco for Mrs. Goldstine, and James F. Hoey and Samuel Hall of Martinez for Goldstine—to be uniform. Each of the litigants to pay his or her own court costs.

### SIX DAYS EXPECTED

Thus ended, legally at least, what had promised to be a six-day sensational and heated court trial, but which actually lasted less than three days. During cross-examination of Mrs. Goldstine by Hoey, Hoey suggested to the judge that "the attorneys and the parties get together and see if they can work out some kind of compromise instead of taking up a week."

Judge Jacoby concurred in the suggestion, granted a recess and the settlement was arrived at.

### SOME HIGHLIGHTS

Some of the highlights of the brief trial included: Letters from Mrs. Dorothy McLaughlen of San Francisco to Goldstine, which declared, "It seems like there is never enough time any more to be together," admission by Mrs. Goldstine that, at her husband's insistence, she had done a strip-tease at her home "early this year," testimony by Mrs. Goldstine that Goldstine had told her, regarding Mrs. McLaughlen, "She is a comfort. She isn't an ice cube or always tired like you," admission by Goldstine that in July, 1945, while stationed at Tucson as an Air Force officer, he and Mrs. McLaughlen were married, "as a joke," at Nogales, Sonora, Mexico, even though, he said, Mrs. McLaughlen knew he was already married.

Mrs. McLaughlen was named as co-respondent by Mrs. Goldstine, and Gaylord Lewis of Oakland was named as co-respondent by Goldstine.

The Goldstines were married September 12, 1937, in Monterey, and separated October 28, 1949.

## Church Vacation School Ends; 118 Attended Session

One hundred and 18 boys and girls were enrolled in the Orinda Community Church's daily vacation school, which ended last Friday, according to the report given by Rev. Fred Morrow to parents and friends who crowded the church building for the closing program last Friday.

Thirty-one helpers gave full or part time to the project, he said. A program of stories, music, games, crafts and worship was carried on in four graded groups.

"We believe in the vacation school idea," he reported; "continuity of hours and days and the recreational spirit of these schools enable teachers to get across more content than the usual Sunday educational program." Parents expressed their approval by contributing the full cost of the school in their offering at the final program.

### New Local Station for State Auto Association

Appointment of Lafayette Body and Paul Works, 3291 Mt. Diablo Boulevard, as the contract emergency road service station for members of the California State Automobile Association residing or traveling in Lafayette, Orinda and vicinity, is announced by William A. Moore, district manager for the motorists' organization.

### Tells About Russia

Maj. Robert Kahn, U.S. Air Force Reserve, talked Wednesday night on "Working with the Russians During World War II" at the meeting of Naval Reserve Volunteer Composite Unit No. 12-15 at Acalanes Union High School.

Lieut. M. L. Jory, U.S.N.R., was in charge of the program. Major Kahn, who is now attached to the Air Force Reserve unit at Fairfield, spent two years in Persia and one year in the South Pacific during World War II, and was in liaison work with the Russians.
